LGendary Bag

LGendary: The first messenger bag designed by Ludovic Giuly for all your multimedia needs!

Dressed from head to toe in leather, Port's LGendary messenger bag creates an impression from the first moment you lay eyes on it. The front of the bag proudly sports a piece of vintage leather, reminiscent of a football from the 1930's.

Complete with a double magnetic closure system, numerous dedicated compartments, as well as an external loop to attach your headphones, PORT's LGendary messenger bag, in full-grain leather, brings together refinement, elegance and ergonomics. No need for multiple bags as it allows you to transport your computer, your mobile phone, some documents, your headphones, your change, DVDs and CDs, both in comfort and safety.

On Ludovic Giuly's advice, PORT Designs offers you the LGendary, a must-have for those who do not want to be separated from their multimedia accessories but wish to transport them safely.
